

Bard Exterior Wall-Mount Classroom Solutions [®]

Good

- Bard WH “Standard Efficiency” Heat Pump:
Bard’s industry standard wall-mounted heat pump
- Time-Proven Technology:
Bard’s WH is the most widely used wall-mounted heat pump in the world
- Versatility:
A variety of sizes (1 ½ to 5 tons) and ventilation options to meet all of your needs

Better

- Bard SH “QuietClimate” Heat Pump:
Updated wall-mounted heat pump with the same Bard dependability
- Increased Performance:
The SH is 50% quieter and 20% more efficient
- Choices:
Sizes available from 2 to 5 tons with 6 different ventilation options

Best

- Bard CH “QuietClimate 2” Heat Pump:
The quietest, most energy efficient wall-mount ever made
- Efficiency:
44% more efficient during cooling and 38% more efficient during heating than a standard wall-mounted heat pump
- Patent Pending “Quiet” Technology:
Delivers operating sound levels 20 to 35 times quieter than a standard wall-mounted heat pump
